

STARK

STARK

V 1830 R – 2800 R RELAX ARTICULATED PLOWS

SNOW CLEARING

- ▶ Patented technologies help make STARK articulated plows efficient, versatile and easy to use.
- ▶ The strongest choice for efficient snow removal on yards and properties.
- The patented RELAX blade system ensures a smooth and even plowing result.
- Its weight and dimensions make it a great fit for small urban sweepers and wheel loaders.
- The FLOATING FRAME system is capable of closely following the contours of the surface, while sliding plates and float positioning minimise bounce while working.
- The broad range of movement ($\pm 35^\circ$) makes it possible to direct removed snow to your desired direction, collect snow in tight quarters, and pack snow onto road shoulders.
- The low structure makes for excellent visibility, improving work safety and efficiency.
- STARK articulated plows feature bolt-attached edge wear pieces which enable plowing against the curb.
- The Finnish STARK maintenance and spare part service ensures a long lifespan for your attachment.

STANDARD EQUIPMENT

- ▶ Rotating ball-jointed support plates
- ▶ Edge wear pieces
- ▶ Articulated rubber
- ▶ Reflectors
- ▶ LED lights
- ▶ And special paint job as an option, standard color grey

+ ACCESSORIES

- ▶ Wired control unit
